Give me that, give me that good thing  
It fills me up fully, good thing

What should I say? This heart that  
I feel keeps wanting you  
No time to understand the reason,  
you burrow into my gaze (No doubt)

I breathe hot breaths, even if I'm locked up  
Don't wanna, wanna fight it  
Before I knew it you were inside of me

Spreading in my calm heart, good thing  
I want you endlessly, more, more, more  
Spreading in my dizzy head, good thing  
I can't fix that, love that good thing

That good thing

It's weird, this awkward heart,  
it's not bad  
You're my desire, it grows even higher  
I think I'm addicted

If I'm trapped just in your one gaze  
Don't wanna, wanna fight it  
I can't hide it

Spreading in my calm heart, good thing  
I want you endlessly, more, more, more  
Spreading in my dizzy head, good thing  
I can't fix that, love that good thing

That good thing  
That good thing

Give me that, give me that good thing  
It fills me up fully, good thing  
Give me that, give me that good thing  
I can't escape it, good thing  
You got it baby  
Yeah, you got it baby  
Oh no, no, no

It slowly spreads to you too, good thing  
Want it like me, more, more, more  
I can't deny it for a moment, good thing  
I can't fix that, love that good thing

I got it, you got it  
I got it, you got it  
I got it, you got it  
Good thing

I got it, you got it  
I got it, you got it
