ㄱ ㄱ ㄱ ㄱ ㄱ ㄱ

I'm sick of lonely nights  
I'm sick of lonely nights

It's time I get used to it  
But the night is so long, I can't fall asleep

What are you doing right now?  
I'm fiddling with my phone when I never do that

I wanna go someplace unfamiliar  
And create a world without any trace of you  
Unfamiliar streets, people, that's okay  
I live so busily but then I see you again  
Every time, it shakes me up  
Some things never change  
I know, that you're not here

Let's throw away our memories  
It was just an illusion anyway  
Boy, it's over, I hate you  
I don't know your name  
How many times do I have to tell myself?

Though a new morning comes without fail  
I can't wake up, I'm lost in sad dreams

So why do I, why can't I change?  
I keep looking back  
To when we were together, night and day

Wherever I go, memories of you  
Suddenly block my way  
I walk past, as if I'm indifferent, actually enduring through  
It's not too bad  
I know I miss you and that's the truth  
But even that chases me around

Let's throw away our memories  
It was just an illusion anyway  
Boy, it's over, I hate you  
I don't know your name  
How many times do I have to tell myself?

Nights I think about you is decreasing  
Enough is enough, I won't cry anymore  
So let me redeem, redeem, redeem  
Everything tonight  
So I won't ever think of you again

Erase the lonely nights, everything  
I will be okay  
Now I now you better  
But it makes me even more lonely

Let's throw away our memories  
It was just an illusion anyway  
Boy, it's over, I hate you  
I don't know your name  
How many times do I have to tell myself?

I'm sick of lonely nights  
I'm sick of lonely nights
