Tell me what you feel
I might get lost, maybe
So leave it to me
I'll try to reach the deep end
Your heart deceived you too

Your cold eyes
Melt, melt slowly
The tension is already fast
Fast makes you laugh

You are transparent ice, ice
(Hidden deep inside, you don't even know)
I'm the sun shining down
(I take out your heart, as if it were natural for me)
In the rolling waves
Even if you struggle, it's not bad
You melt, you
To me

Eyes that are obsessed with me
An exhilarating moment when you wield it to your heart's content
It seeps in perfectly without any gaps
Everything nice

Your frozen expression
Melt, melt slowly
Swept away in an instant, fast
Fast stumbles again

You are transparent ice, ice
(Hidden deep inside, you don't even know)
I'm the sun shining down
(I take out your heart, as if it were natural for me)
In the rolling waves
Even if you struggle, it's not bad
You are melting
To me

Peel it all off to the floor easily
Your clearer heart speaks
Be here with me

It seems like your temperature has changed
Melt, melt slowly
So, that nothing remains
Hey, I'll take it all

Sparkling ice, ice
(Hidden deep inside, you don't even know)
I am the sun that shines on you
(I take out your heart, as if it were natural for me)
In the heat that woke you up
Disappearing is not bad
You are melting
To me, yeah
