So let the memories go on
And let the days go on and on
So let me remember

To the highest note
I've called your name before
Maybe I can reach it
Even in the most painful spring
When the flowers bloom
I think it's your nagging

Now, I'm going through a such time
'Cause I don't want to rush it and walk slowly
Small and trivial things
Even if you smile brightly

No matter who cries, it's not a strange night
I secretly think of you
Like when it rains
I can't see tears

You can take out and dig in
These happy memories
If you put it in your pocket

Instead of writing them all
There are days left
That's a good day

Just only the past memories
I felt sorry for crying and laughing
The clock in my heart
Trying to fit the current situation

No matter who cries, it's not a strange night
I secretly think of you
Like when it rains
I can't see tears

I miss you wherever you are
You walk with me all the whole time
Lead them only to the brightest place
A night that is not awkward even if you laugh out loud
A night that don't interrupt a long dream

An unordinary day even if I forget it
Can I let you go?
I won't avoid until then
Longing is not sadness

It's just another time
So let the memories go on
And let the days go on and on
So let me remember
