The closest beach
My own theatre
It's okay to do whatever I feel like

Ringing Every morning
Beep beep beep beep sound
Lingering in my ears
I wake up without any
Wake up call that used to rush me
A bite of Cheese cake
A full glass of
Brewed coffee
I'll have it iced, very relaxedly
Suddenly I look at the clock
It's already 12 o'clock
But there isn't any rush
Then I yawn
And give myself a big stretch
And think what should I do today

The moment when my eyes reached
The season beyond the window
The pouring sunlight knocks on my heart

Riding on the fresh breeze waving at me
Wanna leave When the weekend comes

I can do whatever I want
The scattered cloud in the wind
More freely we can go (Hey)
The closest beach
My own theatre
It's okay to do whatever I feel like
I'll go on a drive
It's okay to just walk around
I'll just leave to wherever
My feet end up oh

For one day ignoring the world's stories
I'll put my day together
No more no no stress
I won't worry about it anymore
Move it right left right
Whatever I feel like
Whatever there is on the way
I've never been
I don't need a map when I roll the streets
The reason I keep going is for a little fun
Continue up up up going higher
The wild unknown small flower
Growing along the corner of the street
After looking at them for a while
To avoid the hot sunlight
I sit on the bench for a moment
Steps are getting slower

Catching up to the speed of the shadow
Keeping pace with the sun
Walking along with me
I want to return by following
The next moonlight
Wanna leave When the weekend comes

I can do whatever I want
The scattered cloud in the wind
More freely we can go (Hey)

The perfect plan because
There isn't any plans
The secret place I accidentally discovered
I leave my small bags there
Around the end of the alley I'll meet
The pleasant surprise and excitement
My heart is pounding all day
A coffee shop with nutty aroma
Pretty clothes catching my eyes
Do it for the weekend
Do it for the weekend
I don't want to hesitate
Doing what I like anymore
It's okay to do it When the weekend comes

I can do whatever I want
The scattered cloud in the wind
More freely we can go (Hey)
The closest beach
My own theatre

It's okay to do whatever I feel like
I'll go on a drive
It's okay to just walk around
I'll just leave to wherever
My feet end up oh
