Jumping through that ro-ro-rose  
ロロロ ロロロ

I'm jumping through that ro-ro-rose  
Even your thorny way of talking can't stop me  
Jumping through that ro-ro-rose  
One step at a time, one step at a time

You have fallen for me  
Don't try to get out of it  
These thorns won't hurt you  
It's just, my baby you know  
So come on, gently, more slowly, that's right, try to come closer to me  
You'll be thrilled to make eye contact with me again  
It seems like it took a while for this day to come  
Now I know we feel the same something

Go into the red rose  
One step at a time, one step at a time towards me

I'm jumping through that ro-ro-rose  
Even your thorny way of talking can't stop me  
Jumping through that ro-ro-rose  
One step at a time, one step at a time

This dream is magnifying  
I know it will hurt to lie down in the garden of roses  
But I still dream about it, drop by drop my fingertips are fully covered in  
scars  
With no explanation, my heart knows that it wants you and that's a problem  
If I don't dare to be hurt by the thorns then eventually that dream will be  
impossible  
Every day, every night, I'm thinking of you all day  
I don't want to leave you alone so I find you in my dream  
Even if it's just for one day, let's picture a morning and listen to your st  
ory  
And one night, I'd like to travel to a dream with you and the language only  
us know

I'm jumping through that ro-ro-rose  
Even your thorny way of talking can't stop me  
Jumping through that ro-ro-rose  
One step at a time, one step at a time

Going through the thorny bushes  
Before the night comes  
You're shining everywhere so I can find you  
If the night comes after we meet  
Let's welcome the morning together with ecstasy

I'm jumping through that ro-ro-rose  
Even your thorny way of talking can't stop me  
Jumping through that ro-ro-rose  
One step at a time, one step at a time
