I keep feeling low
You know why I do this
You know what the problem is
You know why I'm dying, yeah
My heart is beating so fast
I feel like my insides are burning
My legs have lost all strength
My hands are shaking
This is
Is this pain?

Why me, why you, why me, why us
We've known each other for quite a long time
Why me, why you, why, why, why, why
Why does it keep holding me back

Consequences, I know, I know, I decided
Reunion is scary and trembling, but
We can fix it
I hope my eyes looking at you the same as before
Every day I'm afraid that you'll leave me again

Without knowing anything
You with someone else
You introduce your family
Like you did to me
You must be sharing your feelings
In the same space
Just like you did with me

Through the ups and downs
Ups and downs, ups and downs

Through the ups and downs

Trust issues
Loving you was dumb
Trust issues
Loving you was cheap
Whatever words they may be
Whatever things they may be
I have to put myself back in jail
I call my blue again

Through the ups and downs
Ups and downs, ups and downs

Meaningless

Just like you did to me
Held in that person's arms
Just like you did to me
You must be sharing your feelings
Just like you did to me (Just like you did to me)
Just like you did to me (Just like you did to me)
