

# don't touch!

Tai Verdes

Don't touch  
Don't touch, don't touch, don't touch  
You hurt my head too much  
I take that Tylenol just to make the pain go hush  
'Cause you mix up my feelings just enough to feel a rush  
I found your name under the definition of

Love  
Can't touch (Touch)  
Can't hold (Hold)  
Can't trust nobody but me  
And you keep my cellophane, baby, you're seeing through  
Tie me up, your loop-to-loop  
Bit off a bit off too much, more than I can chew (Woah)  
More than I can do  
Back in your birthday suit  
Oops, now you got my eyes, I'm begging you  
Girl, I'm begging you

Don't touch  
Don't touch, don't touch, don't touch  
You hurt my head too much  
I take that Tylenol just to make the pain go hush  
'Cause you mix up my feelings just enough to feel a rush  
I found your name under the definition of

Sex, the adrenaline ('Drenaline)  
And my skeleton (Skeleton)  
Got me yellin' and sweatin' in bet again (And again)  
Got me pumping out two pills of Acetaminophen  
Got me sugar high sweet lips on my neck again (Again)  
Archin' that back, can't break it when you bend (Not again)  
Tryna feel my skin with a little [?] (Not again)  
Girls give me ten, I'ma need some distance

Don't touch, don't touch, don't touch (Don't touch)  
You hurt my head too much (Too much)
