Tai Verdes

I'm just out here, solamente, pretty dizzy  
From the world spinnin' faster than it should be  
I'm just out here, solamente, solo dolor  
Paranoia follows me wherever I go

Maybe I quit too much  
Maybe I'm just a little bitch, so what?  
Got a lotta bread, can't stand the crust  
All of my plans went boom, then bust

I'm turnin' the page  
Can't seem to find a single person that I can trust

I'm just out here, solamente, pretty dizzy  
From the world spinnin' faster than it should be  
I'm just out here, solamente, solo dolor  
Paranoia follows me wherever I go

Okay, okay, missus counselor  
You seem to become the  
Reasons why my backbone so soft, no vertebra  
Then I went vertical  
All of my accomplishments just went virtual

Google me, bitch, my name so searchable  
Go Ask Jeeves, big on Yelp, five-stars, please  
Awards on shelves  
Every time I say I'm good, do I mean well?  
Helpin' every other person, except for myself

I'm just out here, solamente, pretty dizzy  
From the world spinnin' faster than it should be  
I'm just out here, solamente, solo dolor  
Paranoia follows me wherever I go
