

## The 11th Hour

Taio Cruz

I search the world to find the girl  
I need, I need  
I know she's also searching out  
For me, for me

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I search the world to find the girl  
I need, I need  
I know she's also searching out  
For me, for me

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I will...

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I keep on going way past the 11th hour  
I keep on going way past the 11th hour  
To find you

I will...
