

The Way That You Love Me

Taj Jackson

I hope I got it without too many misspellings.
Please correct, if necessary!

I'm in too deep
Swept away by the tide
And I can't escape
These feelings inside

Baby, what you do to me
Close my eyes and I can see
Thinking 'bout you constantly
Remembering last night

You came to my door
Loved the way that you pleaded me
I knew it was on
From the way that you let me
Touch you whenever we're all alone
Had you so ready to go
You just let me take control
Me and you all night

'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)
I need more (4x)
'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)
I need more (3x)
I like the way that you love me

You look like a star
Your body's so perfect
You get an award
For the greatest performance
Such a crazy love scene
And it's starring you and me
That's the part I like to see
You where amazing

I feel the same
The morning after
Now wishing the tide
Could go way much faster
So I can be with you again
Be my lover and my friend
If you want it...?
Don't keep me waiting

'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)
I need more (4x)
'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)

I need more (3x)

Like a morgue to the flame
Drawn in, and I can't stay awake
When we touch
I can't stop
Wanna do, it again and again

If you feel the way I feel
Then you know this love is real
I should stay awake
But your gravity is pulling me in
I don't want to break the spell
You're making my life a living hell
No I can't get enough
No I can't get enough of you

'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)
I need more (4x)
'Cause it's the way that you love me
The way that you touch me
Can't get enough (4x)
I need more (3x)
I like the way that you love me
