

# Ain't Nobody's Business but My Own

Taj Mahal

(chorus)

champagne don't make me crazy .  
Cocaine don't make me lazy,  
Ain't nobody's business but my own.  
Candy is dandy and liquor is quicker.  
You can drink all the liquor down to Costa Rica.  
Ain't nobody's business but my own.

You can ride a great big pink Cadillac to church on  
Sunday  
You can hang around the house with your lady on monday  
Ain't nobody's business but your own  
Man I don't care what in the world that you do  
Long as you do what you say you're going to  
Ain't nobody's business but your own

Now I know some of you cuties, you real fine cuties  
You gonna step downtown just to hang around  
Standing on the corner so the fellas will stare and say  
oooooooooooo, ...ain't she sweet

(chorus)

You can walk downtown in your birthday suit  
I can see you comin out of the bank of america with a  
whole lotta loot  
Ain't nobody's business what your own  
Now you know that they say cocaine is for horses, now  
that it ain't for men  
The doctor said it'll kill me but he won't say when  
Ain't nobody's business but your own

Now you know sometimes i put on my straw hat my striped  
pants and spats baby and you know i go truckin down  
town  
standin on the corner so the fellas can say  
Hey man aint you the brother in the '57 mercuary with  
turn pike skrits and the chrome reverse wheels, with  
white wall tyres with licence under the skirt, painted  
lime green with reverasble licence plates with dark  
windows you can see out cant nobody see with four on  
the floor 745 horse power and a big stereo listening to  
wolfman jackson !aint this X-E-R-B baby'  
(Chorus)
