You can start over again

It's still the prologue,
Things that we can't carry out,
Things that we regret,
The heartbeat that never stopped,
Actually, no need to bother getting sick of this world.
Like we can never blend into them,
Crying at the corner,
It's tough being alone...
But no need to rush!

Surrounded by darkness,
Yet, you are shining.
Come, I'll give you a hand,
Keep heading forward, 1 millimeters each.

Let's go to the world that can live in our own way.

Thanks for still living.

Good job done!
Running through the meaningless world out of spite.
You can take your time,
Because in any case,
You're the best of the best for someone.
Even if you don't have a specific meaning of living,
Just leave it behind.
Ain't that fine? To live as you like.
All things that happened will end up in a funny story someday.

YES? NO? Whatever.
Being cool or lame?
Don't even worry about that.
It will be the best,

If this mindset can be delivered to you,
Who lost your emotions, motivation and anything else important!
Tedious everyday,
Np, let's share it here!
It's fine even if it's a total grumble.
This is your place of reliance, loosen up!

Really wanna go back to childhood.
"Did I kill my old self?"
We can't turn the clock back,
That's why it's worth changing ourselves.
For yourself, who I love,
And to get them back.

If this world is the retribution,
Really wanna only do things that we enjoy.
I'll embrace you forever,
With my happiness.

Good job done!
Running through the meaningless world out of spite.
You can take your time,
Because in any case,
You're the best of the best for someone.
Even if you don't have a specific meaning of living,
Just leave it behind.
