Face shape
Face features
Hair type
Gross
Wanna kill the hideous face already
They call me some kind of "animal"
Even the body shape
Everything's out of place
The mirror sneers
Even if I improve it
"Wanna die"
Yet with no courage
All I do is to envy others
All I do is to diss
Running away from reality

"I don't mind."
Even if you say so
I'm sorry but
It sounds like flattery
Irritating to listen
Continue to dwell on it
Vicious cycle
Even one pimple
Makes me wanna tear my face into pieces

It's a pain being a "monster"

It gets even worse
Even if I fix it
Full of frustration
Feels like I'm going to blast
Ugly, lame, underdog
What are you doing?
Show me equality

Wanna destroy (The pig nose)
Wanna smash (The disgusting mouth)
Wanna hide
I'm always crying (I don't wanna see anyone)
