Ou ain't no dead loss,  
You did everything right.  
Even if you're not confident,  
Keep walking is more than enough.

When you're disgusted by everything in this world,  
And wanted to give up.  
Hope my words spoken from the heart,  
Are able to support you.  
It's fine to escape, if thing's driving you crazy.  
Wish a wonderful person like you brilliant days.

Repeating the same conversations every day,  
Wanna burn it down, jealousy.  
It's just fine, you're overcome with human touch.

You're shining.

When you smile for me,  
I'll smile too.  
Introduce you the meaning of living,  
"You always provide me support."

You ain't no dead loss,  
You did everything right.  
Even if you're not confident,  
Keep walking is more than enough.

When you're disgusted by everything in this world,  
And wanted to give up.  
Hope my words spoken from the heart,  
Are able to support you.  
It's fine to escape, if thing's driving you crazy.  
Wish a wonderful person like you brilliant days.
