All I have is my personality.
Those handsome face beats me so easily.
OMG! Indifferent person, since born and until I die.
Go to hell! I want to peel it off and put it on my face.

Not a face which can show around.
Firstly, days with the puffy face, I look poorer than Anpanman.
Take notes from google search result, my diet project!
But the ideal self in my brain disappears after seven days.
Well, even I've lose weight, the face still looks like a marmot.
OK fine, we looks alike. But I'm tired of hearing nicknames about that anima
l.

Watch celebrity's live streams, deceive my pain with hate speech.
Profane words and phrases, to that annoying people's question box.
My character, it's just a piece of rotten shit.
The only place I feel comfortable, my private account.
With an emoji name and 0 followers.
I'm fine being alone, but I'm too lonely now!

Lost my dreams, fallen.
Carry this face until the coffin. Long run.
The more you care about yourself, the less people cares about you.

"The most important thing is your personality, right?"
Shut up, dumb ass. Liar boi.
Flattery all the way down! I'm done ^^! Repeats tomorrow.

All I have is my personality.
Those handsome face beats me so easily.
OMG! Indifferent person, since born and until I die.
Go to hell! I want to peel it off and put it on my face.

All I have is my personality.
(No matter how much you love that person.)
Those handsome face beats me so easily.
(Thought we are friends, but just a fucking trash in their eyes.)
OMG! Indifferent person, since born and until I die.
Go to hell! I want to peel it off and put it on my face.
