Always,
Tho I wanna die,
If we stay alive out of fear after all,
Let's live how we want.
It's okay to take a break from school and work once in a while!

There won't be an afterlife.
To you, who's irreplaceable.
As we were born,
Let's live to the limit.
To the path where we enjoy it!

(Let's go ~)
Gradually,
Being lonely.
Goodbye bye bye,
Wanna cry□□
Hate myself for always being ambiguous...
Give me more love!
Hey, love me!
Hey!

Betray and being betrayed, too many times.
Covered with scars, I don't even know anymore!
Ah! I know!
I'm unicellular!
"Was it my fault?" "Was it the surroundings' fault?"
Can't even fulfill anything taken for granted... Ah!
It's tedious being "Normal"~
Actually, I want to laugh forever!

Someone else's misery, delicacy!
Those who stand out irritate me.
But it's okay, this is humanity!
It's okay to stay alive for no reason!

What's "Be yourself" in the first place?
I don't understand!
Even so, no need to overthink!
After all, ain't that just fine to be socially inept once in a while?

Always,
Tho I wanna die,
If we stay alive out of fear after all,
Let's live how we want.
It's okay to take a break from school and work once in a while!

There won't be an afterlife.
To you, who's irreplaceable.
As we were born,
Let's live to the limit.
To the path where we enjoy it!

"Can't I become normal?"
Yet no one can become you either.
(How precious ~ !)
Being born, staying alive,
The miracle that we met and fell in love!
Thank you so much, for real ~~~ !

Couldn't get today's plan done.
Don't blame yourself, take a rest,
(Don't overdo!)
Crying and laughing.
To the wonderful everyday, love!
Thank you so much, for real ~~~ !
