Ain't that fine to live sloppily?
Lay down and chill rather than die!
Immerse in the heavenly sound,
Let's buzz the joyful vibes now!
Blow it away! Turf evil out!
Cheerful melodies rather than tablets!
All emotions being felt just by living!
Just live, lifelong, forever!

A life that doesn't work well with delight,
Unreasonable, unintelligent, unpleasant.
"Wanna be a NEET, not thinking about anything"
That's right, simply in your language,
Honestly, and only the truth,
Tell me both your love and anxiety. Ah~!
I always take notes and sing it out. (Sexy voice)

Wanna laugh forever.
But the brain is always ambiguous.
Rolling stone.
Dreams and ways to laugh, being forgotten at junior high school.

"Wanna meet you for so long!" ← No reason!
"I don't wanna live" ← Dismantle, going on!
No matter how old we are, even if we get old, happiness will lead the way!

Ain't that fine to live sloppily?
Lay down and chill rather than die!
Immerse in the heavenly sound,
Let's buzz the joyful vibes now!
Blow it away! Turf evil out!
Cheerful melodies rather than tablets!
All emotions being felt just by living!
Just live, lifelong, forever!
