Sorry and goodnight
I'm fed up! The battle for attention
I wanna be an invincible angel
Yet I couldn't. Just living and laughing

Nothing will change even if you cry!
There's no point in forcing yourself!
Please love yourself!
You're super precious
My friends!!!!!!

Yah!!!!!!

Even if you run away
Every day is the worst day
Emoing
But you're doing great!
Staying alive even when discouraged
You're super KA! WA! II!

Don't rush, don't worry!
Just do everything at your own pace!
You're the main character!
Knowing the bitter and sweet of life
That's why I love you

Tried harder than anyone else
Still, it didn't come true
Being overtaken in no time
Being seized, there's nothing left

The big dreams
Never able to pursue
Sweet sweet love
Never happen to start
A beautiful body
Crumbled and fell apart
The pure personality
Turned pitch black. But

I can't quit for some reason
It's disgusting
Still, I couldn't hate it
Wanna try and take a peek at the future
You and me, as far as we can go
Let's go~~~!!!

Nothing will change even if you cry!
There's no point in forcing yourself!

Please love yourself!
You're super precious
My friends!!!!!!
