Threw everything that's needed,  
For being loved by you.  
But what the heck? Another curt response.  
Walking through 'Love', all alone,  
Round and round~  
When we just started dating,  
Precious attitude, like an angel.  
Got into a rut with model answers.  
Not satisfied with those responses.  
The 'you' who I loved is in the dreams,  
Love is more profound than anything else.

It's like, right now,  
I wanna kill my ex too.  
No matter what and how I do my utmost,  
It stays cold and never changes!  
But both of us couldn't say the words,  
"Let's break up."  
Days we laughed together, they seemed like lies.  
More severe and painful because of the wall between us.

(Eh~!)

"Talk your shit clearly, you introvert."  
But I, who have such thoughts, am that introvert.  
Both of us kept silent, things got awkward.  
Can't stand the feeling after a quarrel,  
But I still believe 'that day' will return.  
Wait what? Repeating the same day.
