I want to make him mine, lots of enemies around me
I can't go against my desire
Everyone tells me "You shouldn't go for him"
100% thrill, pool overflowed with love
"I'm different from the others!"
I place myself above others behind their back
Lalalala~la This is fine!
It's war! Troublesome! But take-off!

The cute face and money that I don't have
Despite that, I want you to do it with just me!
I know it's business "I love you"
I know there are others you say that to too. Don't lie!
Getting depressed on my own is a troublesome act
Sorry, but it can't be helped!
I can't stop it, so stay insane!
"Don't go" "Good luck"
Mastering my fan acts by contributing! Peak of emptiness and jealousy

Grow more! Don't grow! I'm getting lonely.
I'll stay with you even to heaven, I love you
There's rumors that make me want to leave as a fan
But it's whatever, do as you want
"Get connected with you and write that online..."
I'm not the type who would cause that trouble!
When is the marriage license happening?

The cute face and money that I don't have
Despite that, I want you to do it with just me!
I know it's business "I love you"
I know there are others you say that to too. Don't lie!
