Show time, the arrival of emo.
Also, there's no point in living.
Gloomy future.
Why are you cuter than me?
Why are you more handsome than me?
Even I'm doing my best,
I'll still feel sad.

Wanna become more popular than them.
Wanna go and have more fun than usual.
Kept it secret deep in the heart.
Will I gain a brighter personality someday?

Those days when I cried and depressed all the time,
It doesn't mean anything even if I've gone through them.□□
Please, Almighty God...
Please tell me!!!!!!

How much effort do I still need to pay,
In order to become as "normal" as everyone else?
It can't be helped! If that's so, until I die,
Cultivate the personality, someday I'll laugh!
It's not necessary to be jealous.
There's no chance to reset.
You're one of a kind,
It's a miracle being born. It'll be wonderful if I can be with you!

Don't cry.
Even if you break up with me the in the worst way,
It's fine, sway and sway to the next encounter.
Tho I was hurt because of you,
I've got stronger,
I won't be fooled anymore.

"Being timid, I can't move forward."
They make fun of me for being like this.
Yet, being pure will face tons of danger too!
That's why persecutory delusion is also important.
I don't know which is the "correct answer",
Or, maybe it doesn't even exist in the first place? Lol.
Farewell yesterday!
Pass the baton to today!
