Never worked out as I wished
Everything's hateful
World's wonderful
Mocking me
Wanna die
Super drained
Vicious cycle of anger
Exhausted and wanna cry

Couldn't make the effort to change
Couldn't speak my true feeling
So pathetic
Perfect as a mob
Wanna expediently become happy!

Aaaaaaahhhh!!!!
Wanna die!!!!
Wanna be unnecessarily popular!!!!
Bitching together...
Don't be shy!!!!
Shrug it off if it sucks
Wanna have fun with y'all forever!

Don't cry by yourself
Come, follow the rhythm
"We're so cute!!!"
Whenever you burnout
Never look back!!!
Just get insane
As you please!

Believing tho it's a lie
A world where humans are no longer needed
Outlive and show the middle finger
You're the protagonist no matter how you flounder

Even beautiful and lovely things
Tarnished by desire for approval
"The old you were better" they said
"What's the past?"
Couldn't go back at all
No money, love that never blooms
All about the look, welp
Looked down on me cuz I'm soft
Unstoppable irritation!

Prejudice, colorism
Don't worry about it, let's sing together
Your life, anything goes
Unbounded! Whatever you wish!
Cute and cool outside!
Wonderful and kind inside!
Eradicate the absurd nobody
It's okay being alone!
Polish yourself!!!

Don't even bother the public eye
Rooting for your honest love until it's recognized!
"Wanna be approved" The same feeling as mine?
Don't worry, you're overloaded with charisma!

Trust me, count to three
Red light. Hold our hands, rush into it

Caress on each others wrists
Tear loneliness apart

Aaaaaaahhhh!!!!
Wanna die!!!!
Wanna be unnecessarily popular!!!!
Bitching together...
Don't be shy!!!!
Shrug it off if it sucks
Wanna have fun with y'all forever!

Don't cry by yourself
Come, follow the rhythm
"We're so cute!!!"
Whenever you burnout
Never look back!!!
Just get insane
As you please!

Believing tho it's a lie
A world where humans are no longer needed
Outlive and show the middle finger
You're the protagonist no matter how you flounder
