"Goodbye."
The end of our love story,
Cuz there's no way to return to the past.
Giving cold shoulders, on & on.
You're not satisfied with me, right?
No matter how much I apologize,
Everything's too late.
Seriously, when will I meet him!? My destined one?
How many times do I still need to regret?

Clothes that we worn together,
Songs we listened to together in the room,
Photos taken together on a date.
Ah! Gross!
It all turns into a dark past.
Fooled me with some shallow "love",
On top of that, cheated on me too.
Hey, I want to be with you, but it hurts!
Wanna die because of this halfway affair.

Hate myself who's still loving you.
Relationship ended, but I still want to meet you again.
Another day of fighting myself with such thoughts,
Please don't drive me crazy!
