No way! Wanna sleep forever!
Don't wanna go somewhere like school!
Fed up with everyone and anyone.
Don't wanna be in the classroom too!
Even if I study hard,
It's still meaningless!
But I gotta go, to hell,
How brutal, wanna cry□□

So frightening! Their eyes trail!
Getting up in the morning is already quite a trial.
Rested for a few days, loop again.
Social incompatibility gone max!
Impossible! Can't go anymore!
Plus, learning and exercising.
No phones allowed. 8 hours of restraint.
Nobody to talk to,
Nor will they talk to me.
Socially awkward raging...
Feeling bitter when they pick on me!
(Wanna hide it...)
Rumors about my scars,
Gonna be secretly spread all around...□□
(Wanna polish myself...)
Tho I'm so done,
Delusions, a bright future!!!

Raging on social media,
My place of reliance!!!
Raising SOS from my heart.
Indulge me!!!

No way! Wanna sleep forever!
Don't wanna go somewhere like school!
Fed up with everyone.
Don't wanna be in the classroom too!
Even if I study hard,
It's still meaningless!

But I gotta go, to hell,
How brutal, wanna cry□□
