Good night □□□□□□□□

I want to run away from myself and this expression I conceal  
In order for no one to realize how I feel  
It's like forcibly gripping thorns with my palm  
Even though I'm trembling embracing it, this one sided love It's on me  
Kill, my ego can't see anyone but you  
Looking back did he ever laugh? When I was wholeheartedly in love  
He never did huh? Never turning to look at me, that's fate  
If morning comes I'll be with a stranger, and tonight I'm with another dull  
love  
Goodnight, disposable toys

It's only fun during the act  
"I want to be loved" "I want to played with" , my two selves  
You curiously entangling with the opposite sex  
And within a moment me getting jealous  
Embracing these unpleasant feelings, it's so stupid  
Breaking me as you please  
One sidedly loving is just self satisfaction  
My persistence will never reach you  
Just from being desired, I feel happy  
Somehow it's becoming a habit, only what's charming shines through  
If I were to cheat,  
I wonder if you'd say you love me?  
But in the end even if I weren't here, it's all the same to you  
I'm sick of building up the effort to break free  
I won't chase after anything, in the end it's delusional  
I quickly want to become happy, or more precisely I don't want to think of a  
nything for eternity  
I just want to be happy, I don't know what kind of thing happiness is  
I don't mind if you're a little dirty, I don't care if you lack common sense  
I only have myself to save  
Eventually soon will be the day I laugh with the person I love holding hands

I want to run away from myself and this expression I conceal  
In order for no one to realize how I feel  
It's like forcibly gripping thorns with my palm
