

# Shake It Off

Take 5

5-4-3 5-3-2 5-5-5-5-5-5-5  
Shake it off

Chillin' in the club, got my boys with me  
And the parties all jumpin' in the VIP  
The DJ's playin my favorite beat and I'm havin' a good time (baby)  
Look across the room what did I see  
A really fly girl who needs to leave with me  
She was burnin up the place she was shakin' and shakin'  
She was so fine, so fine

It took me 5 months (just to get to know your name)  
5 weeks (to show you I ain't playin' games)  
5 days (before you'd even let me call over to your house, baby)  
5 hours (on the phone beggin' you)  
5 minutes (now I'm here kissin' you)  
5 seconds (you got me in a shaky mood, now is the time)  
Somebody better shake it off (shake it off)  
Shake it off, shake it off, shake it off I know you wanna shake it off, shake it off  
So shake it off, shake it off  
Shake it off, shake it off, shake it off  
Oh baby please shaaaaake it off  
So shake it off, shake it off  
Oh, oh, oh, oh, oh  
Shake it off

Now I wanna know come show me how  
I really wanna learn how you get down  
Don't make me wait, girl I'm ready now  
Let's get busy one time  
She started shakin' that body from left to right  
Didn't even get tired she could do it all night  
This girl put it on me just the way I like I think I love her, I want her

It took me 5 months (just to get to know your name)  
5 weeks (to show you I ain't playin' games)  
5 days (before you'd even let me call over to your house, baby)  
5 hours (on the phone beggin' you)  
5 minutes (now I'm here kissin' you)  
5 seconds (you got me in a shaky mood, now is the time)  
Somebody better shake it off (shake it off)  
Shake it off, shake it off, shake it off I know you wanna shake it off, shake it off  
So shake it off, shake it off  
Shake it off, shake it off, shake it off  
Oh baby please shaaaaake it off  
So shake it off, shake it off

I never in my life  
Fall in love from sight  
Seeing you in sight  
A riot in my life  
Now you took control of me, oh  
Heart and soul of me  
You got a hold of me  
Now I can shake it down

Who wants to dance right now, put ya hands up  
Come on put ya hands up, what, what, come on  
1-2-3 throw your hands up high  
4-5-6 wave from side to side, shake it off  
7-8-9 let us see you shake, come on  
10-11-12 come on let's do it again, shake it off  
Shake it off, shake it off, shake it off I know you wanna shake it off, shake  
it off
