

## My Friend

Take 6

It doesn't matter where you say ya been  
It doesn't matter whatcha done  
But the same color blood that's runnin' through my veins  
Is the color that sustains another one

I know that you might-a had a hard time  
And maybe you thought of givin' in  
'Cause no matter where you stand it's not too much to lend my hand  
You're my neighbor, you're my brother and you're my friend  
My friend (you're my friend) my friend  
(You're my friend) my friend - yes you are

Well I know that you might get a little lonely sometimes  
You know I been down that road before  
And when my so-called friens were takin' each other in  
I couldn't even make it through the door

So why don't you come on in (sit on down) take a load off your mind  
And I dare to choose to wear the shoes that you're in  
No matter where you stand it's not too much to lend my hand  
Cause You're my neighbor, you're my brother and you're my friend  
My friend (my friend) my friend  
(You're my friend) my friend - yes you are

I'm throwin' out that lifeline  
Just tryin' to spread some sunshine  
'Cause I got a lotta love for mankind  
So why don't you call me sometime and I'll be by your side

Now hold on a minute, make sure you don't forget  
I'll be there when you call me - just say when  
No matter where you stand it's not too much to lend my hand  
You're my neighbor, you're my brother and you're my friend  
Oh yes you are my friend

My friend My friend My friend  
Ohh... My sister my friend  
Brother! All you do is call and I will be there in a (Flash)

My friend oh, My friend  
You'll never find a better friend  
My friend oh, My friend  
You'll never find a better friend  
You'll never find a better - Oh!
