Nothin' But Love

Nothin' but love my brother, nothin' but love Nothin' but love my sister, only love for ya It's all about love come down from heaven above ya Nothin' but love love for ya, know that I love you

What make me want to treat my brother right When he doesn't seem to deserve it God's love so perfect changed my frame of mind How does He do it? He does it with love y'all

Nothin' but love my brother, nothin' but love Nothin' but love my sister, only love for ya It's all about love come down from heaven above ya Nothin' but love love for ya, know that I love you

God's love can safely warm the coldest shoulder Shine down like summer's sun on winter's ice Love reached out - touched my life still frozen over Nothin' but love can kill the chill and bring new life - nothin

Nothin' but love my brother, nothin' but love Nothin' but love my sister, only love for ya It's all about love come down from heaven above ya Nothin' but love love for ya, know that I love you

Without faith it's impossible to please Him (what about hope y' all?) Gotta have hope that He's coming back one day But without love, faith and hope don't ever matter (oh no) Because Love is God and God is Love And He will never fail - no no!

Nothin' but love, nothin' but love (nothin') It's all about love - nothin' but love Nothin' but love, nothin' but love (6x)

Nothin' but love my brother, nothin' but love Nothin' but love my sister, only love for ya It's all about love come down from heaven above ya Nothin' but love love for ya, know that I love you
