

I'll Find My Way Home

Takida

Endless road feels like a shore just spinning round
Thinking of you and your faces leaving traces
Make it alright
Memories your life
flashing by my bluest sky

I'll find my way home
I'll find my way home
even if I'm lost inside
I'll find my way home
I'll find my way home tonight

One thousand miles became
Your voice in the phone I barely hear it

Far away now
Step one wonder why I cry
I feel my heart

I'll find my way home
I'll find my way home
Even if I'm lost inside
I'll find my way home
I'll find my way home tonight

I come to you, run to you

I'll find my way home
I'll find my way home
You will always keep me alive
I'll find my way home
I'll find my way home
To be with you tonight

I can not feel the pain
I hear you now
find a way I want to hear you say
I see you tomorrow
I feel you now

I'll find my way home
I'll find my way home
Even if I'm lost inside
I'll find my way home
I'll find my way home tonight

I come to you, run to you

I'll find my way home
I'll find my way home
You will always keep me alive
I'll find my way home
To be with you tonight

Come to you, run to you

I'll find my way home

To be with you tonight
