

# We Will Never Be

Takida

It's just a bottle of red wine  
I wanna sink it with you  
It sends a shiver down your spine  
And I want to feel it too  
You ride on the last train  
No destination in mind  
You're in it for the rough game  
You gotta play it just right

No, you'll be, you will never be  
And I will be, I will never be in love  
You will never be in love  
No, you'll be, you will never be  
And I will be, I will never be in love  
You will never be in love

Feeling hot and dandy  
You've set me up for a fall  
Watch the road, it's a dead end  
This means nothing at all

No, you'll be, you will never be  
And I will be, I will never be in love  
You will never be in love  
No, you'll be, you will never be  
And I will be, I will never be in love  
You will never be in...

Get up and give up  
Give up the fight  
Get up and give up  
Give up the fight  
Get up and give up  
Give up the fight  
Get up and give up  
Give up the fight

Give up the fight  
It's ringing in your head  
Give up the fight  
It's ringing in your head  
Give up the fight  
It's ringing in your head  
Give up, give up, give up  
Give up, give up

Get up and give up  
Give up the fight  
Get up and give up  
Give up the fight  
Get up and give up  
Give up the fight  
Get up and give up  
Give up...
