

# Wild Eyes

Takida

The fear has finally died  
My faith is on your side  
You will be my life and higher we rise

Broken pieces and parts of my life  
You make me whole stay with me tonight  
Let's run and hide, I don't want to find

The only truth that I am seeking  
Is the one that makes me alive  
I can't deny the way I'm feeling  
Not this time

You'll see tomorrow I'll be leaving  
I need something to remember you by  
I will miss watching you sleeping  
Your wild eyes

I don't mean to break your heart  
Sooner or later I will fall apart  
I'll be feared again, but not tonight

Get undressed I want to feel your smell  
Touch me, touch yourself  
My spell make me alive, meanline

The only truth that I am seeking  
Is the one that makes me alive  
I can't deny the way I'm feeling  
Not this time  
(Can't deny what I'm feeling)

You'll see tomorrow I'll be leaving  
I need something to remember you by  
I will miss watching you sleeping  
Your wild eyes  
Your wild eyes

The only truth that I am seeking  
Is the one that makes me alive  
I can't deny the way I'm feeling

You'll see tomorrow I'll be leaving  
I need something to remember you by  
I will miss watching you sleeping  
Your wild eyes

Because you're making me feel alive  
I can't deny the way I'm feeling  
Not this time  
(Can't deny what I'm feeling)

You'll see tomorrow I'll be leaving  
I need something to remember you by  
I will miss watching you sleeping  
Your wild eyes.
