

## Stood a Chance

### Taking Back Sunday

It takes so long  
You're going forward looking back  
A body like a welcome mat  
You never even stood a chance  
(On your own)  
A body like a welcome mat  
(On your own)  
Going forward looking back  
(Now you're looking back)  
You never even stood a chance  
You don't wanna know  
You don't wanna know

You feel so safe, safe, safe  
Being kept in the dark  
(You know you never stood a chance)  
You know you never stood a chance  
Cause it's that same dark place  
Where you'll get torn apart  
(You know you never stood a chance)  
You know you never stood a chance  
On your own  
On your own

(Hot damn tell me that don't feel good)

It takes so long  
You're never one for looking back  
A body like a punching bag  
You never even stood a chance  
You don't wanna know  
(Body like a punching bag)  
You don't wanna know  
(You're never one for looking back)  
You never even stood a chance  
(Took a chance)  
On your own

You feel so safe, safe, safe  
Being kept in the dark  
(You know you never stood a chance)  
You know you never stood a chance  
Cause it's that same dark place  
Where you'll get torn apart  
(You know you never stood a chance)  
You know you never stood a chance  
You feel so safe, safe, safe  
Being kept in the dark  
(You know you never stood a chance)  
You don't wanna know

Fat and happy straight to hell  
(Woo ouu hoo)  
In a body like a prison cell  
(Woo ouu hoo)  
Fat and happy straight to hell  
In a body like a prison cell

Straight to hell  
You know you never stood a chance

You feel so safe, safe, safe  
Being kept in the dark  
(You know you never stood a chance)  
You know you never stood a chance  
Cause it's that same dark place  
Where you'll get torn apart  
(You know you never stood a chance)  
You know you never stood a chance

Yeah in that same dark place  
I will tear you apart  
You know you never stood a chance  
(You know you never stood a chance)  
On your own  
I'm gonna tear you apart
