

# You Can't Look Back

## Taking Back Sunday

I was living day to day  
As the meetings they would suggest  
Sitting pretty having one foot out that door  
No, I didn't know how to act  
Started running and I didn't look back  
Still feel the same way  
Still don't know where I'm going

Oh, then you let me in  
I don't know how you did it other than you did  
Cut your wrist and said come get you some  
It only works if you don't look down  
Bought the ticket, now you're on the track  
You can keep it but you can't look back  
You can keep it but you can't look back  
You can keep it but you can't look back

You can keep it but you can't look back

I didn't know what I was looking for  
And come to think I wasn't looking at all  
I'm not the same man, not since you came in  
I'm going to get you if it takes me all night long

I'm going to get you if it takes me all night long  
I'm going to get you if it takes me all night long  
I'm going to get you if it takes me all night long  
I'm not the same man, not since you came in  
I'm going to get you if it take me all night  
I'm going to get you if it takes me all night long

I was nearly four states away  
Mamma calling from the other end  
Someday a woman's gonna need you most the time, yeah  
Lord, I didn't know how to act  
I started running and I didn't look back  
Still feel the same way  
Still don't know where I'm going

But now I'm in it until the bitter end  
You're gonna do me then you do me like that  
Cut your wrist and said come get you some  
It only works if you don't look down  
Bought the ticket, now you're on the track  
You can keep it but you can't look back  
You can keep it but you can't look back  
You can keep it but you can't look back

You can keep it but you can't look back

I didn't know what I was looking for (can't look back)  
And come to think I wasn't looking at all (can't look back)  
I'm not the same man, not since you came in  
I'm going to get you if it takes me all night long  
I'm going to get you if it takes me all night long

I'm going to get you if it takes me all night

I'm going to get you if it takes me all night long  
I'm going to get you if it takes me all night long

Started runnin' in  
You cut your wrist  
You let me in

Don't know how you did it other than you did  
I was there beside myself in my own skin  
Unfamiliar, I tried it on and liked the fit  
I don't know how you did it other than you did  
I'm going to get you if it takes me all night long

I don't know how you did it other than you did  
I was there beside myself in my own skin  
Unfamiliar, I tried it on and liked the fit  
I don't know how you did it other than you did

Don't know how you did it other than you did  
I was there beside myself in my own skin  
Unfamiliar, I tried it on and liked the fit  
I don't know how you did it other than you did  
Don't know how you did it other than you did
