

# War

Tal

Ooh ooh, ooh ooh, why  
Ooh ooh, ooh ooh, why  
Ooh ooh, ooh ooh, why  
Yeah

I live with the sound of violence  
And fear is a part of my skin  
I try to believe in freedom  
But my tears do not dry under the sun

And if you wanna try, if you wanna try to feel one day  
How it feels to cry, how it feels to cry and pray

I'm looking out the window  
All I see is war, war, war  
Switch on the radio  
All I hear is war, war, war  
But it's never too late  
Ain't no reasons to wait  
Lord, can you hear me now?  
We could build a rainbow  
Just to go far, far, far

Yeah  
Only time I'm in pieces when I'm in your arms  
Sheltered from the harm  
When they ring alarms  
Life's like a dice rollin'  
You're my lucky charm  
When they spin the wheel  
And our number's come

Here's a message from the ravens  
Every kingdom's for the takin'  
If we seek higher awakin'  
We can stop the Armageddon

Look into my heart  
Hard to say goodbye  
To the sunny days  
We won't stand aside  
Till the love arrive  
Then we'll make our way

I'm looking out the window  
All I see is war, war, war  
Switch on the radio  
All I hear is war, war, war  
But it's never too late  
Ain't no reasons to wait  
Lord, can you hear me now?  
We could build a rainbow  
Just to go far, far, far

I believe, I believe  
Baby, we gon' make it through the night  
We are the paper plane, on an endless flight

We're ready for the outcome  
One drop with the kick drum  
I wish the war get done and the peace will come

I'm looking out the window  
All I see is war, war, war  
Switch on the radio  
All I hear is war, war, war  
But it's never too late  
Ain't no reasons to wait  
Lord, can you hear me now?  
We could build a rainbow  
Just to go far, far, far

Ain't no reasons to wait  
(Love, not weapons)  
Ooh ooh woah ah, yeah  
Ain't no reasons to wait  
(Oh, turn on my radio)  
Ooh ooh woah ah, yeah
