

# Forget About Your Ex

Talia Mar

Ooh la la, who's in charge?  
Damn, that suit you got, some movin' parts  
Yeah, the home was hard  
On your birthday I will give you cards, but if you want  
I can be a little movie star, did I go too far?  
If you want a good girl, plenty in the sea, boy  
I'm like the sea pearls  
Make you swim deep for it  
I'll be a freak, but I work all through the week, boy  
It's for the best

I'll make you forget about your ex, ex  
Every conversation leads to sex, sex  
And now you're all my body talks about not just weekends  
Every weekend, like (Woah-woah-woah)  
I'll tattoo kisses on your neck, neck  
Scratchin' my name into your bed, bed  
And now you're all my body talks about not just weekends  
Every weekend, like (Woah-woah-woah)  
I'll make you forget about your ex, ex, ex  
Da-da-da-da-da, da-da-da-da  
I'll make you forget about your ex, ex, ex  
Da-da-da-da-da, da-da-da-da-da

You could be my PM, AM, boyfriend  
Friend, again, amen  
You should stay in bed, you know you'll get fed  
You can find my stairway up to heaven and confess  
Hope you're not just after this  
Bringin' up your average  
How can you be mad at it? (Nah)

I'll make you forget about your ex, ex  
Every conversation leads to sex, sex  
And now you're all my body talks about not just weekends  
Every weekend, like (Woah-woah-woah)  
I'll tattoo kisses on your neck, neck  
Scratchin' my name into your bed, bed  
And now you're all my body talks about not just weekends  
Every weekend, like (Woah-woah-woah)  
I'll make you forget about your ex, ex, ex  
Da-da-da-da-da, da-da-da-da  
I'll make you forget about your ex, ex, ex  
Da-da-da-da-da, da-da-da-da-da

I'll make you forget about your ex  
Oh, your ex  
Your ex  
Oh, tell me did you forget 'bout your ex?  
Uh, not yet, not yet  
Huh?
