

# Get Gone

Talia Mar

Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead, get gone  
Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead and get gone

All this time I wasted on you  
I was so naive  
You were so cold  
To believe that I wouldn't find out the truth  
No, no, no, no  
Oh and, all these lies I've taken from you  
You'd think I'd feel something  
You thought wrong  
I feel nothing  
So now I guess it's your move  
Babe, no no no no no, ah

You used my back as a door  
Left me for dead on the floor  
You didn't try, no  
Not one bit  
I came off as weak  
So you thought you'd never lose me  
You [?] I was someone  
Someone that shouldn't have won  
You thought you'd win 'cause in the end you're strong  
Thought I came off as weak  
Well this is me proving you wrong so

Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead, get gone  
Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead and get gone

All this time, I blamed myself, not you  
I should have trusted me  
'Cause while you were so cold  
And you were bitter  
I still felt the heat  
Oh, I was sitting on evidence  
Wondering why I couldn't see

Oh

You used my back as a door  
Left me for dead on the floor  
You didn't try, no  
Not one bit  
I came off as weak  
So you thought you'd never lose me  
You [?] I was someone  
Someone that shouldn't have won  
You thought you'd win 'cause in the end you're strong  
Thought I came off as weak  
Don't you feel so dumb?  
Now I've proved you wrong, so

Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead, get gone  
Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead and get gone

I know what you did in the dark  
So don't think I don't know  
Just because the lights were off and  
I know what you did in the mask  
So don't think I don't know  
You used my back as door but  
I saw 'cause the door was glass

Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead, get gone  
Get all your bags  
Get out my house  
I don't want your stuff around  
I never did you wrong  
But you did me wrong  
So go ahead and get gone
