

Selfish

Talia Mar

I'm selfish when it comes to, selfish when it comes to you
I'm selfish when it comes to, selfish when it comes to you

Look at me say what you really mean
Tired of words but I'm listening
Not much to say, but you're saying that, praying that I'm the one you really
need

I know I'm hard but that's part of it
You could leave but you are still here
Nowhere to go but you could have gone, should have known I'm the one you really
want

I'm selfish, I'm selfish, I'm selfish
When it comes to you
I can't help it, can't help it
Crazy things that I do
When I need you I come back to you
I'm selfish, I'm selfish
When it comes to you

I'm selfish, I'm selfish
(I'm selfish when it comes, I'm selfish when it comes to you)
I'm selfish, I'm selfish
(I'm selfish when it comes, I'm selfish when it comes to you)

I'm bored of games, why do you still play
Back and forth it's always the same
You're player one, I'm player two, who is she, player who, roll the dice and
make your way

I know I'm hard but that's part of it
You could leave but you are still here
And I've nowhere to go but you could have gone, should have known I'm the one
you really want

I'm selfish, I'm selfish, I'm selfish
When it comes to you
I can't help it, can't help it
Crazy things that I do
When I need you, I come back to you
I'm selfish, I'm selfish
When it comes to you

I'm selfish, I'm selfish
(I'm selfish when it comes, I'm selfish when it comes to you)
I'm selfish, I'm selfish
(I'm selfish when it comes, I'm selfish when it comes to you)
I can't help it, I'm helpless, I'm jealous, I'm selfish
I'm sorry, can't help the crazy things that I do
I need you, I come back to you
I'm selfish, I'm selfish when it comes to you

I need what I need, I don't apologise
Do you see, what I see should be no surprise
When I need you I come back to you
I'm selfish when it comes to you

(I'm selfish when it comes, I'm selfish when it comes to you)
I'm selfish
(I'm selfish when it comes, I'm selfish when it comes to you)
I can't help it, I'm helpless, I'm jealous, I'm selfish
I'm sorry, can't help the crazy things that I do
I need you, I come back to you
I'm selfish, I'm selfish when it comes to you
I can't help it, I'm helpless, I'm jealous, I'm selfish
I'm sorry, can't help the crazy things that I do
I need you, I come back to you
I'm selfish, I'm selfish when it comes to you
