

# Black

Talisco

In your name we could change again, change again  
Can we still get insane  
How can I now get you to stay, you to stay  
We're going all the way

Baby, I'mma warn you I'm the driver  
The hand of fate  
Baby, I'm the eldest, I'm the real deal  
The hand, the chief

Yeah we want it  
Yeah we want it  
We wanna started the war  
Yeah we want it  
Yeah we want it  
We wanna started the war  
Yeah hey, we want it  
Baby, I'm the soldier  
I'm the great man, the hand of war  
We want it  
Yeah hey, we want it  
Baby, I'm the rival  
The great king, the hand of war  
We want it  
Yeah hey, we want it

We're blessed to be here, to be there, to be there  
How could we ever deny this, deny this  
Now phantoms soar, and breath is slow, and breath is slow  
How could we live in lies again

Baby, I'mma warn you I'm the driver  
The hand of fate  
Baby, I'm the eldest, I'm the real deal  
The hand, the chief

Yeah we want it  
Yeah we want it  
We wanna started the war  
Yeah we want it  
Yeah we want it  
We wanna started the war  
Yeah hey, we want it  
Baby, I'm the soldier  
I'm the great man, the hand of war  
We want it  
Yeah hey, we want it  
Baby, I'm the rival  
The great king, the hand of war  
We want it  
Yeah hey, we want it

We want it  
Yeah hey, we want it  
  
Baby, I'm the soldier  
I'm the great man, the hand of war

We want it  
Yeah hey, we want it  
Baby, I'm the rival  
The great king, the hand of war  
We want it  
Yeah hey, we want it
