

Bring Me Back

Talisco

The angel story in town
She attracts and enchants all the minds
She worries, intrigues, she's so fine
I am wondering
My head just can't slow me down, slow me down
I'm rolling downhill, she enchants our minds

Oh, bring me back
I'll fall in love with you
Fall in love with you

Will someone catch me when I drop
She rises up my way
Will someone catch me when I drop
Open up my eyes

I am lost in a beautiful cloud
In search of a magical sign
I freeze the moment for a while
Cause I wonder who you are
My head just can't slow me down, slow me down
I'm rolling downhill, she enchants our minds

Oh, bring me back
I'll fall in love with you
Fall in love with you

Will someone catch me when I drop
She rises up my way
Will someone catch me when I drop
Open up my eyes
