Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on
Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on

It's all that you can give
It grows in you but you can feel
That don't know how to blow it up
Maybe something that you don't know

Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on

Come on and get closer
Come on and get closer baby
To live is all you ever need
Come on and get closer
Come on and get closer baby
Live until the end my dear

Do something for you
To make your pretty eyes more blue
To make you live the things you do
To feel the love that you don't know

Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on
Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on

Come on and get closer
Come on and get closer baby
To live is all you ever need
Come on and get closer
Come on and get closer baby
Live until the end my dear

Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on

Ohohohohohohoh
I'll be good
I'll be good to you baby
Ohohohohohohoh
On and on and on and on
Ohohohohohohoh
