

# Dream Alone

Talisco

Do you feel my energy  
Universe is not that high  
If you see  
Every day I get my pride  
Cause I'm free

I'm a producer  
I'm a fine dancer  
I'm a busker  
And always on the road  
I'm in conquest  
And never impressed  
I'm a dreamer and I live in the air

Oh please... oh ...  
Let me dream alone and leave my soul  
Oh please... oh ...  
Let me dream alone and leave my soul

I often travel alone  
But I share  
Adventure makes me grow up  
I always dare  
I still have my lucky star  
Cause I'm fair  
I'm alive

I'm a producer  
I'm a fine dancer  
I'm a busker  
And always on road  
I'm in conquest  
And never impressed  
I'm a dreamer and I live in the air

Oh please... oh ...  
Let me dream alone and leave my soul  
Oh please... oh ...  
Let me dream alone and leave my soul

Universe is not that high  
If you see  
Every day I get my pride  
Cause I'm free

Oh please... oh ...  
Let me dream alone and leave my soul  
Oh please... oh ...  
Let me dream alone and leave my soul  
Oh please... oh ...  
Let me dream alone and leave my soul  
Oh please... oh ...  
Let me dream alone and leave my soul  
I'm a producer  
I'm a fine dancer  
I'm a busker  
And always on road

I'm in conquest  
And never impressed  
I'm a dreamer and I live in the air
