Talisco

Look at me now  
Awaken your soul  
Yes I'm sure you know me  
I can change your mind

Look in my eyes  
I can make you swing  
I can get what I want  
I can change it all

Everyone sees a sign in you  
All I dream to do is to keep you  
Hey you know I will keep you

Everyone knows you should say yes for a ride

Look in my eyes  
Awaken your soul  
Yes, I'm sure, you know me  
I can change your mind

Take a look at my soul  
Free me from pain  
Let me get what I want  
I can change it all

Everyone sees a sign in you  
All I dream to do is to keep you  
Hey you know I will keep you

Everyone knows you should say yes for a ride  
Oh everyone knows you're the one
