

## Keep Ur Head Up

Talisco

So, keep your head up  
So, keep your head up  
So, keep your head up

Brother set me free  
Set me free  
The troubles move away  
Move away

We will searching a place to see  
We will give the hope for the hopeless  
We will searching a place to see  
For the hopeless  
For the hopeless

Oh we are ready  
Get ready  
Here comes the future  
We re gonna celebrate it  
So, keep your head up  
We are ready  
Get ready  
Here comes the future  
We re gonna celebrate it  
So, keep your head up  
So, keep your head up  
So, keep your head up  
So, keep your head up

We will searching a place to see  
We will give the hope for the hopeless  
We will searching a place to see  
For the hopeless  
For the hopeless

Oh we are ready  
Get ready  
Here comes the future  
We re gonna celebrate it  
So, keep your head up  
We are ready  
Oh ready  
Here comes the future  
We re gonna celebrate it  
So, keep your head up  
So, keep your head up  
So, keep your head up  
So, keep your head up
