

King for One Day

Talisco

My head upon the flame
I'm shaking at the sight
Still waiting for the dream
I'm floating in the hills

Don't care about what I do
I'm still waiting for the day
And everybody knows
I'll be the king just for one day

Don't care about what I do
I'm still waiting for the day
And everybody knows
I'll be the king just for one day

Ohohohoh
You keep me, hangin' on
Ohohohoh
You keep me, hangin' on
Ohohohoh
You keep me, hangin' on
Ohohohoh
You keep me, hangin' on

I wanna win wars
Hear silence in the hills
I wanna raise gold
And float over my lands

Don't care about what I do
I'm still waiting for the day
And everybody knows
I'll be the king just for one day

Ohohohoh
You keep me, hangin' on
Ohohohoh
You keep me, hangin' on

Ohohohoh
You keep me, hangin' on
Ohohohoh
You keep me, hangin' on

Before you let it, let it slip away
Hold on to me, for the last shot, for the way
Before you let it, let it slip away
Hold on to me, for the last shot, for the way
