

Loose

Talisco

Whatchu done
Whatchu done for yourself
New York, Berlin
Waiting for you

The goal is new
The goal is in the city
That's all I see
That's all I see now

Let loose your inner self
Let loose your inner self

Far away
They say you know
It's maybe too late
To sell your soul

Your goal should be
Should be the city
And all you'll see
That's all you need now

Let loose your inner self
Let loose your inner self
Let loose your inner self
