

## Lovely

Talisco

Exploring you  
Cause it's so good  
I know, know every part  
And feel so good

Cause you're my only love  
Make me feel so fine  
Stay by my side  
Cause you're my only love  
And I feel so good  
Here by your side

Close your eyes  
Feel my lips  
Drown in my kiss  
And feel the stars

Cause you're my only love  
And I feel so good  
Here by your side

Cause you're my only love  
Make me feel so good  
Stay by my side  
Cause you're my only love  
And I feel so good  
Here by your side
