

# On My Skin

Talisco

Can you give a breath to me  
On my skin the night, the wind  
Oh I need to feel, to see  
Oh please, wake up the child in me

Oh feel the fire, the burns on my skin  
I'm far away from me, oh  
Oh look at me, I'm alone on my way  
Oh god, it's hard to see

Oh I rise and defy the hell  
Without looking back, oh  
Oh I am a giant who looks to his god  
I wanna say goodbye, just goodbye
