# Plain

**Talisco**

We sat alone, to see our plains
Down the green, they echoed and groaned
They sent us away to find the home

All greenery along the tombs
Stranger things are coming down
The lonely days turn to dreams

Here's the sign, the fathers hymn
Here's the sign, the fathers hymn
They sealed the deal, the fathers hymn
They sealed the deal, the fathers hymn

Well pick me up to take the way
What they say about the truth
What they say about the braves
We took the breath out of the sun
Under the teeth, we felt the fear
We gonna dive, right into you

Here's the sign, the fathers hymn
Here's the sign, the fathers hymn
They sealed the deal, the fathers hymn
They sealed the deal, the fathers hymn

They sealed the deal, the fathers hymn
They sealed the deal, the fathers hymn
