

# Pretender

Talisco

You're really nice again  
Ooh  
No demons in the rain  
Ooh

You're a pretender now  
You sold me your soul  
I have an eye on you  
I cherish you my dear

You're a pretender now  
You sold me your soul  
You can run away  
I have your soul

You're my prey  
It's too late  
To get away  
No escape  
You repent  
Time to pray

You're a pretender now  
You sold me your soul  
You can run away  
I have your soul
